

Design Fund 05 - Letterpressed “Inner Beast” Note Card Set

Grrr....do you have an inner beast? Let it out while creating an original letterpress note card front. We're working with our friends at a local letterpress shop on a custom set of cards that could include your design. Two member submissions will be selected to be part of the set!

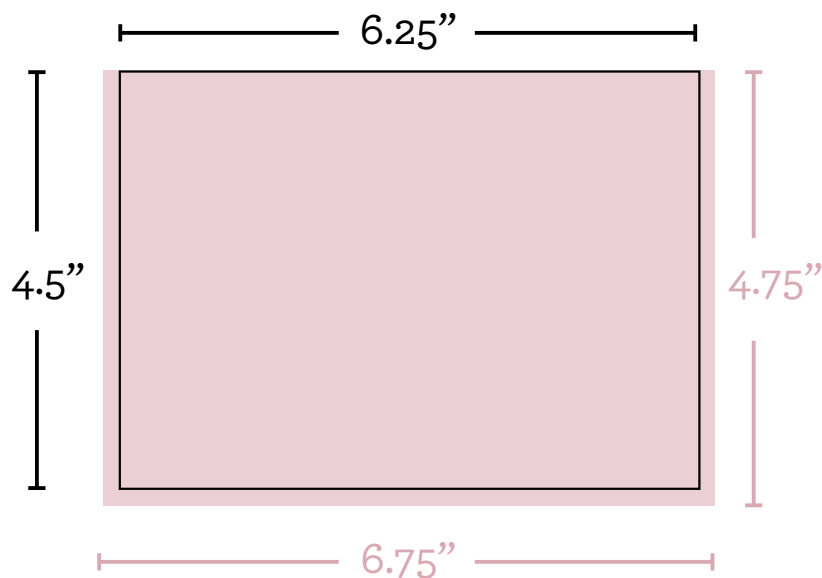

Cards will be printed in 2 colors, PMS Cool Gray 7 and PMS 494 on a bright white letterpress paper. Remember, inks can be over printed or knocked out and the paper can be used as a third color.

Make it Good, we'll make it happen. *Design is Love.*
